The hero can use an unlimited number of bullets and 3 grenades. When you defeat an enemy in red suit (Item Man), signs of HAND-GRENADE, SHOTGUN and MACHINE GUN are displayed. If you hit any of them with your gun, you can get the corresponding weapon. You can clear each scene by killing the boss in the scene. When the hero changes into red, it shows that he is in danger. If he is shot by an enemy then, his LIFE POWER is reduced. If LIFE POWER is reduced to zero, one hero will die. The hero can gain LIFE POWER, HAND-GRENADES and BONUS POINTS by shooting HIDDEN CHARACTERS in each scene to death.
